1 year Eden, Papakura, Clevedon, Miranda Fish and Game Society Executive Committee

Knowledge and experience of the outdoor sector

I have lived, worked and studied the outdoor education sector of our industry for the past 40 years. I gained my first outdoor qualification in 1987 (a flat water kayak instruction award) and have worked in outdoor centres, schools and more recently tertiary level all teaching and coaching outdoor pursuits and outdoor educational approaches to learning. I have worked on the executive boards of the above organisations to help further steer the outdoor industry into the future.

Personal strengths and abilities / key skills

I have a great understanding of the outdoor industry having worked and played in it for over 40 years. I have a good appreciation of the role that governance has to play in the future of the outdoor industry and a track record of steering organisations along sustainable, best practice paths. I am receptive to the mood of the industry and have clear vision of practicable solutions.

Reasons for nomination

The NZOIA Board has gone through many changes of membership over the last 2 years, I feel my contribution to the board and a reasoning and steadying perspective, that I can bring through my experience and proven leadership qualities, will aid the NZOIA board to continue to steer the organisation into a sustainable future given the industry's state of change.

General – any other comments you wish to have considered
